

BRISTOL TOWNSHIP

2501 Bath Road · Bristol, PA 19007 · (215) 785-3680 · Fax (215) 788-8541

Bristol Township Department of Licenses & Inspections is working to remove disabled vehicles on residential properties. A salvage hauler located in Bristol Township has agreed to tow vehicles from properties with or without titles.

If the owner of said vehicle can produce a title for that vehicle, the vehicle will be removed without any cost to the owner.

If the owner of said vehicle cannot produce a clear title, but has proof of ownership by other means such as an old registration card, the vehicle can be towed at a cost to the owner of \$22.50 per vehicle plus \$15.00 for notary and service charges.

If you have any questions, would like other information about the program or have a disabled vehicle to be towed, call Pete's Auto Parts and Salvage at (215) 788-2522.

If you are unable to show proof of ownership, contact the Licenses & Inspections Department at (215) 785-3680 for further assistance.

This information is provided as a convenience to Bristol Township residents due to Bristol Township Ordinance #2000-07 prohibiting Abandoned Vehicles on residential properties.

You may contact any other licensed salvager to remove any disabled vehicles that you have.

Vehicles must be emptied of all trash and be accessible before any Salvager will remove the vehicle.

This letter must be submitted with the title of the vehicle for no cost for removal.

Thank you for your cooperation in this matter.
