FIRE ALARM INSTALLATION APPLICATION

Requirements / information for installing automatic or manual fire alarm systems:

- All contractors must be registered with Bristol Township, and must have current insurance on file with the Bristol Township Licensing and Inspections Department.
- All work will comply with all applicable Bristol Township, IFC, NFPA, and ADA codes/requirements, as well as manufacturer's specifications and UL listing requirements.
- Cut sheets for all the alarm systems devices and appliance must be submitted, as well as an approved drawing of the entire building showing room dimensions, ceiling height, and room descriptions.
- No work can begin until this permit is approved by the Bristol Township Fire Marshal.
- An alarm strobe will be mounted on the outside of the building facing the street.
- All **monitored** fire alarm systems require the installation of a Knox-box (key box) for fire department access.
- All non-residential fire alarm systems must be certified annually.
- All components of the fire alarm system shall be UL listed.
- All systems shall be fully addressable systems.
- The attached Certificate of Completion form shall be properly/completely filled out prior to scheduling final test with the Fire Marshal's Office, and a copy shall be provided to the Fire Marshal's Office.
- Request for final test/inspection must be made at least 2 business days in advance.
